Gethsemane Early Learning Center focuses on developing the intellectual, physical, social, emotional, and spiritual well-being of our students, which requires exploration across a wide range of learning activities. Thematic units allow each young child to experience and organize those activities in an interdisciplinary approach.

Gethsemane Early Learning Center believes that children learn through play and hands-on experiences. Classrooms are designed to support children's learning by engaging children in pre-literacy, language, math, science, music, technology, and large muscle opportunities.

Gethsemane
EARLY LEARNING CENTER

*...a fun place to
play and learn!*
